

International Baccalaureate (IB)

A minimum score of 3, whether at the standard level or high level from the IB program, is required to receive Stillman College credit. The Registrar, in consultation with the department concerned, shall determine how the credit is to be identified on the student's permanent record. Credit for IB courses may be used to satisfy general education requirements and elective credit. Whether or not IB credit in a given discipline can be used to satisfy major or minor requirements in that discipline is to be determined by the academic department responsible for that major.
